With Bijli, it can be this direct.

Direct PTL movement on major corridors - no intermediate hub on key lanes.

Ideal for businesses that need:

- Shared capacity without paying for a full truck
- Regular dispatches across established trade lanes
- Careful handling of parcel and textile consignments
- Status visibility from booking through delivery
- A scalable solution for changing shipment volumes

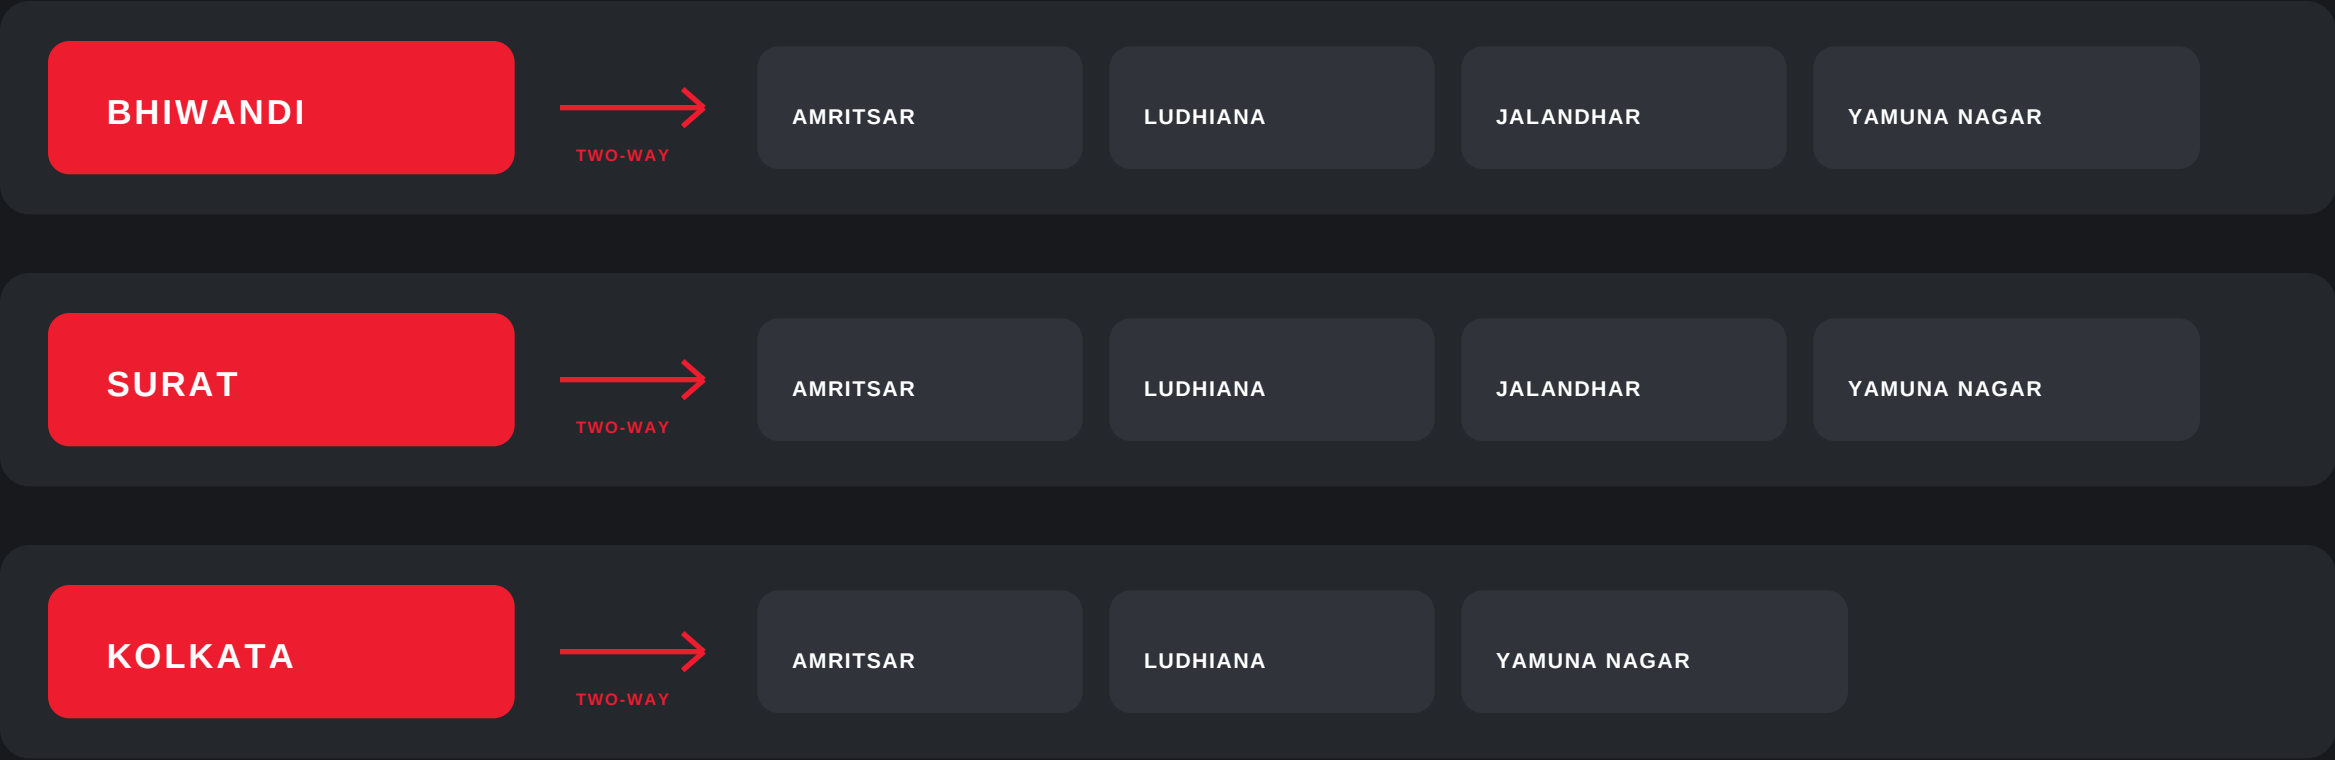

How the model works

- 1 BOOK**
Cargo is booked and prepared.
- 2 CONSOLIDATE**
Shipments share vehicle capacity.
- 3 MOVE**
Regular line-haul connects key branches.
- 4 DELIVER**
Destination teams coordinate delivery.

DIRECT PTL CORRIDORS

Direct where it matters.

Eleven two-way direct corridors on key trade lanes - no intermediate hub.
